

## Technical features

Herbamat Weight: 0.60 Kg

5 l Tank Weight: 0.56 Kg

12 l Tank Weight: 1.10 Kg

Runs on 2 batteries type D/R-20/LR-20 3000mAh. It is recommended that D/HR-20 of 3000mAh rechargeable batteries are used.

Battery life: 40 ÷ 70 h.

Electric motor speed (+2200 rpm)

Telescopic. extended length: +/-1.45 m / folded length: +/-1.05 m

Herbamat packaging measurements: 108x22x18 cm (4 units)

5 l Tank packaging measurements: 46x28x37 cm (4 units)

12 l Tank packaging measurements: 68x41x33 cm (4 units)

Droplet size: 210-290 microns ( $\mu$ )

Always follow manufacturer's instructions and recommended doses shown on the packaging labels of the treatment product to be used.

Use appropriate protection equipment: masks, glasses, gloves, shoes, etc. to avoid contact of the treatment products with skin, mouth and eyes.

YOUR PARTNER  
FOR ACCURATE SPRAYING

## The best solution for applying total non-selective herbicides.

- High-quality applications and coverage.
- Ergonomic.
- High working autonomy.
- Sturdy and simple.
- Savings in water and production consumption.
- Designed for the application of total or non-selective herbicides (glyphosate).

## The best solution

### Lightweight, sturdy, ergonomic and safe.

- Made of aluminium. Comfortable handle Telescopic (Extended length: 1,45 m.)

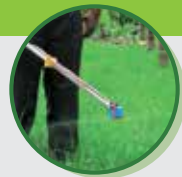

### Easy maintenance.

- Simple change of batteries, disk, head.
- Anti-error system for inserting batteries (prevents phantom discharging).
- Duration of the batteries (life) = 40÷70 hours.
- Runs on 2 batteries type D/R-20/LR-20 3000mAh. It is recommended that D/HR-20 of 3000mAh rechargeable batteries are used.

### High efficiency, productivity and coverage.

- Up to 3.5 Ha in 8 hours.
- Droplet size: 210-290 microns ( $\mu$ ) (Recommended worldwide).
- Savings up to 90% in water consumption as compared to traditional knapsack sprayers.

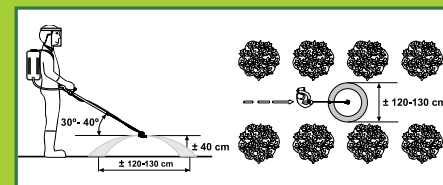

### Versatile.

- 2 tank versions in 5 and 12 l capacity.
- Option of customising the sectorial accessory (80 cm working width).
- 3 nozzle types.

### Easy storage and transport.

- Carrying bag and protective cover for the rotating disk.

NOZZLE	DOSE L/Ha	cc. o ml per minute	Ø mm. nozzle
Yellow	15	108	0,8
Green	20	144	1
Red	30	216	1,2

Sprayer recommended by experts in herbicide applications.
