

Compression sprayer with 5 litre useful capacity, with an innovative design and an ergonomic pressure system. Sprayer suitable for use in medium gardens.

Advantages

- The large size of the separate filling opening allows a complete, fast and save filling and emptying.
- Translucent tank to see the liquid level.
- Cover with integrated dispenser (4 levels).
- Safety valve integrated in the cover for an easy decompression.
- Easy placement of the lance for storage and transportation.
- Suitable for application of products of natural origin (pelargonic, acetic, etc...).

Functional information

Low-effort ergonomic handle

Ergonomic handle for transport and pressurisation

Depressurisation valve integrated into the cover

2/5/10/15 ml dispenser integrated into the cover

Translucent tank to view the liquid level

Hose connections to the lance and to the tank by thread without clamps or fittings

Fibreglass lance

Easy-to-assemble lance clamping system

Adjustable strap
